IN-PERSON CHRISTMAS PARTIES

Your team deserve something incredible to look forward to this Christmas!
A Christmas Party is an opportunity to showcase your team culture and company values. We can help you organise the most exciting Christmas party in town, really creating some excitement within your workplace!

FREE CHRISTMAS VENUE FINDING

Tell us all of your greatest, fanciest, most insane Christmas ideas for your team, your dream location and your budget and we go out and find you a selection of venue options that meet the brief. Once you book it, we introduce you to your key contact at the venue and they help you to make your dream become a reality!

Virtual Christmas Parties

A CHRISTMAS YOU'LL NEVER FORGET!

FUN

Our special experiences are designed to connect your team and most importantly ensure you have fun! There's nothing better than coming together at the end of the year to celebrate all your hard work while having a good old laugh with your colleagues!

UNIQUE & BESPOKE

Each virtual experience we offer is unique and individual depending on the activities you choose from! We will personalise your experience to your requirements, as well as giving you the option for your colleagues to receive bespoke Christmas packages prior to your virtual experiences.

MEMORABLE

One thing we can promise is that you'll never forget our Virtual Christmas parties! We've carefully crafted these experiences in order for you to leave with them engraved in your minds forever. Our experiences will stand out from any other typical Virtual Events with exclusive SES elements you cannot experience anywhere else!

Virtual Christmas Parties

HOW DO THEY WORK?

1

Take a look through our wide range of interactive Virtual Christmas Parties in this brochure and decide which would be best suited to you and your team. If you like the look of more than one, GREAT!

2

Let us know which experience(s) you'd like to choose. You can choose just one activity if you're pressed for time, or you can have multiple experiences back to back! If you have more than one team, or if you'd like to break into smaller groups, you can do different experiences simultaneously. For example, one group could enjoy the Virtual Murder Mystery while the other is making Gin!

3

If you've selected a Christmas party that requires a home-delivered package, we'll gather your details so we can post your bespoke packages to everyone. Then just leave it to us and we will manage all aspects of your Virtual Christmas party, ensuring everything runs seamlessly and successfully. All you need to do is sit back, and enjoy your festive celebrations!

Virtual Christmas Parties

DON'T JUST TAKE OUR WORD FOR IT!

Jess Pether

Communications Manager, UK Sport

“ Having organised my company's Christmas party for the last five years, I was worried that 2020 would be difficult to make special, but then I found Kate and her team at Secret Event Services! They organised a fantastic online murder mystery event for us (around 100 staff), which involved real actors, all hosted by a detective. The event was a huge hit with staff, who loved the interactive element and working in teams. It was also great to have pretty much all event organisation taken off my hands. We couldn't have asked for more at this very strange time. Thank you!”

Gav Winter

CEO, Rapid Spike

“ Kate and her team at The Secret Event Service made our online Christmas Party an evening to remember. A cocktail (and mocktail) master class, escape rooms and more were enjoyed by our team of 16. We absolutely loved every minute and it was great to receive our generous drinks packs through the post, it really helped get us all excited as we posted their arrival on slack. On the day the event was really well executed and such a great laugh we stayed on until the early hours partying! Thank you Kate and The Secret Event Service Team (you won't be a secret for long!!)

Anna Sutton

Co-Founder, The Data Shed

“ Kate and her gang pulled together the most amazing remote Christmas party for The Data Shed. We genuinely had so much fun, we barely noticed we were all in our respective homes. No request was too much trouble. If you need a helping hand pulling off a super-duper event - this crew is who you want in your corner. ☐☐☐

Megan Pocock

Business Analyst, Accelerant Holdings

“ What a fantastic event! We took part in the murder mystery for our virtual Christmas party and it was enjoyed by all circa 50 staff who attended from both the UK and across Europe. The service received in the run up and during the event was second to none. The actors were fabulous and very believable and the platform itself was a perfect fit for the event. Many staff commented on how it was even better than they had anticipated! Would highly recommend.

Frequently Asked Questions

ALL YOUR BURNING QUESTIONS, ANSWERED!

"How will we receive our packages?"

Once you have selected your experience, we will send you an easy form to be filled in by your team to confirm your experiences! If your experience involves you receiving a home package, the form will ask for the best delivery address of each participant. Once your packages have been sent by ourselves and/or our suppliers, your address data will be removed from all systems

"Where will the event take place?"

We host some of our experiences on Zoom, and some on a system called Hopin. If your experience is on Hopin, we will send you instructions on how to create a profile on Hopin prior to your event. You will then be sent a link to your virtual event space that you will use on the day!

"Do we all have to pick the same activity?"

Not at all; if there is a large group of you who would like to participate in different activities, we're able to split you up and hold different experiences in different virtual rooms. Simply let us know and we can build the event to your specifications.

"Who will be there to help us on the day?"

Dependent on the size and scale of your event, you will have one or two event managers to help you with every aspect of your event, from managing technical difficulties, to ensuring that everyone is in the right room at the right time. You will have a best point of contact if you run into any trouble.
